COST OF BUSINESS SETUP DUBAI INTERNET CITY FREE ZONE

Dubai Internet City Free Zone (DIC) is the largest internet, communication and technology (ICT) network in the entire Middle East and North Africa. DIC is home to the leading such as Microsoft, Oracle, Sony Ericsson, HP, IBM, Siemens, Canon, Cisco and Schlumberger as well as many small and medium enterprises and entrepreneurial ventures. DIC will be your best choice, if you are into software development, ecommerce, marketing or any other internet related business services.

Dubai Internet City welcomes following segments of business sectors:

- **Software License** – activities related to developing, installing and/or modifying software products of their own or of a third party.
- **Internet and Multimedia** – activities related to developing and/or distributing Internet or multimedia content. Other activities may include distributing goods or services via the Internet, such as by providing an online platform and acting as an intermediary between multiple companies or multiple individuals. Additional activities may include providing different applications through a network.
- **Telecommunication and Networking license** – Activities related to developing, installing, modifying and/or operating networks or providing relevant services designed for operation network-based applications or services. The manufacture of physical components within the zone and direct trading of physical components and products into UAE market is not allowed.
- **IT Services** – Activities related to developing, providing standardized, repeatable IT-based services, which may also include security solutions, localization, training and corporate learning.
